Confirm your eligibility to attend a **Calling of an Engineer** ceremony and receive your Iron Ring.

You are **eligible** if you meet **one** of the following criteria:

- a) You are a graduate of an undergraduate Canadian engineering program accredited by the Canadian Engineering Accreditation Board.
- b) You meet the academic requirements for licensure as a professional engineer with a Canadian professional engineering regulator.

You meet criterion b) if you are already registered as an Engineer in Training or as a Professional Engineer with a Canadian professional engineering regulator.

Alternately, if your academic credentials have been accepted by a Canadian professional engineering regulator for licensure then you may submit evidence to that effect with your application.

If you are eligible to attend a ceremony, consult the ironring.ca website for contact information for a Camp near you and register to attend an upcoming ceremony.
